FUND RAISER

*The Professional
Fire Fighters
of
New Hampshire*

Thank you for your support.

DEAR FIREFIGHTER SUPPORTERS:

We would like to take this opportunity to thank each and every one who is supporting us through the purchase of tickets at our family-oriented events. Our current event is featuring Collin Raye with singer/songwriter Valerie Bolin.

The date of the show is May 16, 2010 at the Whittemore Center Arena at the University of New Hampshire in Durham, New Hampshire. To make this event possible we have engaged FireCo, a professional promotions group, to assist us in selling tickets and presenting the show. Exchange your ticket voucher beginning April 16, 2010 at the box office at the arena for seating. If you are unable to join us, simply mail your ticket vouchers and invoices back to us with your check or money order.

The Professional Fire Fighters of New Hampshire represents over 1,200 professional firefighters and firefighter paramedics throughout New Hampshire, not as a charity but a nonprofit professional organization, therefore the tickets purchased are not tax deductible as charitable gifts for federal income tax. We represent the individual members, not the agencies from whom they are employed.

Thank you again for your support.

Sincerely,
David Lang
President, PFFNH

The proceeds we raise from our fund-raising events will go into our general operating fund to help us with our membership programs, services and other member benefits which include, but are not limited to:

SPONSORING:

- New Hampshire Fire Explorer Training Academy in their efforts to prepare today's young adults for success in tomorrow's fire service.

SCHOLARSHIP:

- \$1200 is given to three New Hampshire high school graduates who will pursue a degree in fire science or Emergency Medical Services (EMS).

PROGRAMS:

- Provide medical information magnets which allow seniors to identify current medical conditions and medications in case of emergency.
- Help Your Firefighters Combat "The Invisible Killer" * Protect your Fire Fighters and help them save lives!

The Professional Fire Fighters of New Hampshire is proud to announce that, because of your generous support, eleven grants have been awarded to local fire departments to use in the purchase of non invasive Pulse CO Oximeters. These state of the art devices will help save the lives of firefighters and the public as well. This device reads the amount of oxygen and carbon monoxide found in the blood stream.

This program is important to the safety of firefighters coming out of burning buildings, and to a greater extent an invaluable tool for residents of this state who are alerted through household detectors that Carbon Monoxide is present in their home, or are experiencing possible symptoms of carbon monoxide poisoning.

The diagnosis and treatment times relating to carbon monoxide poisoning are crucial to the extent of the damage caused to the body.

*The Invisible Killer www.cpsc.gov/cpscpub/pubs/464.pdf

"The firefighters of our nation are rated as having the number one most hazardous occupation in terms of death and injury.

By working with the citizens of our community, perhaps we can change these statistics".

LEGISLATION:

- Helped to promote the "Fire-Safe Cigarette" law which will reduce the number of fires started accidentally by cigarettes each year. Signed into law May 2006.
- Prevented insurance companies from preauthorizing emergency ambulance service. Signed into law May 2000.
- Promoting stronger laws on behalf of firefighters to help prevent injury.

BECAUSE WE CARE!

Dear Fire Fighter Supporter:

We would appreciate it very much if you would take a few seconds to fill out this questionnaire and return it with your payment in the enclosed envelope.

Was the person who called you courteous and polite? Yes No

Did the caller answer any questions you had? Yes No

Did the caller identify him/herself and speak in a professional manner? Yes No

Comments: _____

ANOTHER WAY TO SUPPORT YOUR FIREFIGHTERS

The Professional Fire Fighters of NH will contribute 50¢ (fifty cents) of each ticket you purchase to the voluntary FirePAC NH account. These voluntary contributions will be used to help the fire fighters support issues and elect to office statewide candidates who support the Professional Fire Fighters of NH. We recognize that some of our supporters may not wish to have this voluntary donation made to Fire PAC NH. Please check off and sign below should you not want this voluntary contribution made.

I do not wish the PFFNH to voluntarily contribute 50¢ (fifty cents) of each ticket I buy to the Fire PAC NH fund.

Sign, print name above & return with payment
